### Part 1: The World of Chores

Hello, Grade-1 friends!

Today, let's dive into the wonderful world of chores! Chores are like little missions we do every day to make our homes happy and tidy. They are like magical spells that bring order to our surroundings.

Chores can be anything from making our beds to helping set the table for meals. Each chore has a purpose, and together, they create a harmonious home. It's like being part of a superhero team – Team Clean and Tidy!

### Part 2: My Chores Journey

Now, let's embark on a journey through my chores. One of my favorite chores is watering the plants. It's like giving them a drink of water to help them grow big and strong. Another exciting chore is sorting laundry – matching socks and folding clothes. It's like solving a puzzle!

I want to hear about your chores too! What chores do you do at home? Share your experiences through drawings or simple sentences. Let's celebrate the fantastic world of chores together!

Remember, every little chore you do is like adding a drop of joy to your home. So, let's embrace our chores and make our homes even more special.
